

Survivor Pool Week 4

brought to you by

Hello {{ contact.DB }},

Through brilliant playing our former #1, [@nvscott7](#), is back on top of the Leaderboard with a perfect 4-0 record and 26 runs. [@Skubasteve](#) and [@Shooter](#) are nipping at his heels yet both have 1 loss along with only 7 other players.

Mass casualties this week folks. 9 victims struck out and dare it be stated that the majority of those will go down in the score-keeping journal as a backwards 'K'! That's right, by not selecting a game last week they defaulted to the Sunday night Angels hosting the Mets. An under .500 team vs the MLB win % leaders. No surprise... Mets 4, Angels 1... heads rolled.

Dog of the week

Vladdy and the boys clearly partied too hard Friday night after they thumped Detroit 10-1. Perhaps resting on their laurels, or hangovers, they had nothing Saturday (the pool offering) and lost to a terrible team 3-1.

Gold Medal Game

Good research, talent, whatever.. but 4 players in the Top10 won on this selection and pocketed 10 runs to boot! Maybe there is skill to this; nice work smarty pants lol.

Get the broom!

Yup, it wouldn't have mattered what day the Giants played the Dodgers this weekend. All 3 players chose the Dodgers to win, all 3 days the Dodgers lost. Sweep sweep sweep.
